Entered according to Act of Parliament of Canada, in the year Nineteen Hundred
and Two, by Henderson Publishing Company, Limited Liability, in the
office of the Minister of Agriculture.

Preface

The publishers take much pleasure in submitting herewith the XXIV Annual Edition of the City of Winnipeg Directory. The work has been carefully done, and we trust will meet with the approval of our subscribers. Our last year's City Directory contained 17,000 addresses, this year's 18,200, of which 12,000 are new names and 6,200 are old. It is addressed to our old and new friends alike.

We have much pleasure in calling attention to the new features of this volume. A new, clean, modern face of type, bold and clear, and a new printing system at the corners, with the first and last lines of the page. Our aim is to have the Winnipeg Directory as useful and as readable as possible. We have the experience of many years in the business community to do this.

For your own interest as well as ours, see that our name is on the order when signing. We do not make promises in advance of publication, but we will do our best to do so. We can assure our patrons that we will do in the future what we have done in the past, give them the best book possible for the patronage we have.

We would like to see a list of our patrons to the class for publication. The Directory is a record of the business and professional life of the different lines.

Being our patrons will give you a better idea of the financial position of the city. It is a Directory before you, feeling that it is second to no other work of its kind.

HENDERSON PUBLISHING CO. LTD.

Winnipeg, January 34, 1902.

City of Winnipeg

POPULATION

There has been a substantial increase in the population of Winnipeg during the past year, as is shown by the increase in the number of names in the Directory.

The number of firms and individual names, exclusive of names of firms and corporations, are increased 585 over last year, which indicates an increase of about 19,000 in population.

We give below a table showing the number of names in the Directory for the past four years, and for the years 1881, 1891, 1901.

We do not pretend to take a census of the City every year, but base our calculations on the number of names in the Directory each year. Each year, however, a few firms and places vary from 275 to 400, low and high places being added and others dropped. The names of domestic firms are included in the Directory. Our estimate is based on multiplying by 3.13, which we consider about right for this city.

Year	Individual Names	Firms or Corporations	Total Addresses	Estimated Population
1900	14,001	1,018	15,019	46,070
1901	15,151	1,324	16,475	50,503
1901	16,033	1,509	17,542	52,443
1902	16,618	1,577	18,127	54,393
1881---1891---1901,				
1881	2,521	100	2,621	8,403
1891	8,000	810	8,810	26,666
1901	16,033	1,509	17,542	52,443

WINNIPEG NEW WATERWORKS

The new system is an entirely new one.

The pumping machinery consists of two pairs of pumps, each capable of pumping five million gallons in twenty four hours. One pair will pump from well to filtering plant, the other pair from softening plant reservoir to the city mains. The engines are of the most modern type.

The boilers for supplying steam to the pumping and electric lighting engines are five in number with superheaters and mechanical stokers.

Over 35 miles of new water mains have been laid and sections are made at several points with the old company's system, which comprises about 32 miles of pipe.

FIRE DEPARTMENT

The fire department is an organized unit and the number of men composing the brigade and the equipment of the department are as follows:

3 Stations.	11 Drivers.
1 Chief.	6 Ladders.
3 Captains.	5 Horse Carriages.
3 Lieutenants.	4 Trucks.
1 Foreman Hook and Ladder Co.	1 Arm Hook and Ladder Truck with Water Tower.
3 Engineers.	600 Fire Hydrants.
9 Hosemen.	1 Ironing Net.
4 Steamers.	50 Miles Water Mains.
8 Assistant Engineers.	
3 Mechanical Engines.
